Students Awardee

Fadi J. Hamati, MD
Educational Outreach Program
for Child and Adolescent
Psychiatry Residents Awardee

Grant B. Nelson, BA
Summer Medical Student
Fellowship in Child and
Adolescent Psychiatry Awardee

"This award carries profound meaning for me, not only because of the financial support it provides, but because it reflects your shared belief that early, intentional mentorship can transform the future of our field."

"Thank you for believing in students like me and for opening doors that once felt closed. Your support gave me not just access to an opportunity, but a sense of belonging and hope that I will carry forward in my journey."

"Programs like EOP are vital in shaping the next generation of child and adolescent psychiatrists. They nurture mentorship, leadership, and a sense of belonging that extends far beyond the meeting itself."

"Exposure to child and adolescent psychiatry during medical school is not always guaranteed, and this fellowship showcases that trainees are welcome in the field and that our contributions are heard and matter."
